

Summer Art Camps

Mosaic Masterpieces in the Morning

Bring it broken, bashed or busted and we'll work outside at the Studio Barn. We can recreate a clever 'something' from it. Give a basket table legs, make a table top 'talk!' paint headboards, chairs and garden structures. Masterpieces can come from broken glass, china, plates, cups, and things that are breakable, colorful and cool. Anything like marbles, beads, small mirrors, or anything little makes fun additions to this creation.
